Cc: Rob Hamilton <rhamilton@fs.fed.us>

Hi Brandon and Jim,

I inspected the USFS Pass Quarry earlier this year, and I am ready to recommend a partial bond release, and once we receive a request from Millard County. We will need to hold back some reclamation surety to cover possible revegetation needs. The regrading looked really good. Let me know if you didn't get our inspection report.

We just received the letter from the USFS, who concurs with a partial bond release and takes responsibility for the remaining rock pile. In order to partially release the bond, we will need to have Jim Withers (who signed the reclamation contract) sign a filled out bond release request form ([https://fs.ogm.utah.gov/PUB/MINES/Minerals\\_Related/FORMS/MR-SITE.pdf](https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-SITE.pdf)). Once complete, please mail it in. Thanks.

Let me know if you have questions.

Peter
